Grade: 18 (out of 20)

- HTML + HTML5; CSS + CSS3 + SASS; Responsive Web Design; JavaScript, React + TypeScript, Git;
- NodeJS + MongoDB; MySQL;

TOURISM MANAGEMENT | ESHTE - Escola Superior de Hotelaria e Turismo do Estoril   10/2020 - 06/2022

- *Completion of the second year of degree.*

WORK EXPERIENCE

TREETOP TRAILS MONITOR | Pedaços de Aventura   06/2022 - 08/2023

- In charge of the explanation regarding the functioning of the activities.
- Responsible for helping customers in the case they encountered any difficulties.

VOLUNTEER | Câmara Municipal de Cascais   03/2022 - 05/2022

- *Responsible of presenting all the functionalities of an application developed by the Cascais City Council.*

MONITOR IN SUMMER CAMPS | Campo Aventura   06/2018 - 08/2020

- Responsible for groups of 15 to 30 children and young people from 6 to 18 years old during the execution of extreme sports.
- Supervision of the respective children and youth during their entire stay, usually between 3 to 7 days.

PROJECTS

BURGERLICIOUS - React + NodeJs Project   06/2023 - 07/2023

- This project revolves around an all-inclusive restaurant application, broken down into four core components: the main restaurant website, an admin dashboard, a platform for efficient table order management by staff, and a streamlined kitchen interface for order processing – actions taken in one component have a ripple effect on the others.

MOVIEPEDIA - React Project   03/2023

- Moviepedia is a React app that utilises The Movie Database API to provide you with information about movies. Here you can find the trending and top-rated movies at the moment, and also find the similar movies of a specific movie. You can also search a movie you like.

FUNDAÇÃO DO GIL FUNDARAISING PROJECT   06/2023

- As part of my web development course at ETIC, I was a proud contributor to a team initiative supporting Fundação do Gil. Developed innovative fundraising methods, securing an honorable mention and contributing to a meaningful cause.
